Dear Mr. James Kekanovich

We were a success! Thanks to your help and support during Ryerson Polytechnic University's Parade and Picnic, this event was more lively and active.

The music and sound effects effectively charged the students. Without your vehicle the Ryerson Business Students' would not be able to stand out or to lead the parade as effectively.

I would like to take this time to thank you for the time you dedicated in helping me with this event and for all the contributions you were able to provide.

I look forward to speaking with you in the future.

Yours truly,

Gregg Lee
President
Business Students' Association
